Novorbis "AURA"- World's First Filterless Air purifier

World's First Filterless Air Purifier Technology developed by the final year Electronics Engineering students Harsh Nikhra, Divyank Gupta & Gagan Tripathi. **Govt. of India recognised them among Top 5 innovator of country, AICTE in 2019.**

Recognitions:

- Represented India at Innovation and Start-up Exchange Program in South Korea.
- Received Global Student Entrepreneur Awards & GSEA Award in January 2020.
- Won the UNDP Youth Co:lab's National Innovation Challenge by Niti Aayog.
- Harsh Nikhra selected as Brand Ambassador for Innovation Cell of MHRD.
- Won Assocham Startup Launch Pad Series, Indore.
- Qualified for Hult University Challenge, Bangkok.

Harsh Nikhra

NOVORBIS Innovation Team Led by Harsh Nikhra & Team Mates, B.E. (EC), 2020 batch at MHRD's Innovation Cell (MIC) Award Ceremony at Delhi, stood among Top 5 Best Innovation in the country.

Aim & Objectives

Our aim is to provide students with comprehensive professional skills along with syllabus studies. Step by step grooming is what makes our students stand out different and help them gain their desired position. The Pro-active, experienced, and expert faculty help students prepare for industry-level challenges and Active cells like placement and training give students a real experience of the field before going to the work!

- Positive Attitude
- Creativity and Courage
- Problem Solving Abilities
- Good Oral and Written Communication Skills
- Talent, Teamwork and Tenacity
- Ability to Learn New Skills Fast
- Adaptability to New Work Environments and New Cultures

Vision & Mission

Vision - To envisage future challenges in the field of education both at National and International level. Educate and train students so that they can become qualified & highly skilled professionals and meet future challenges and needs of globalization with panache.

To inculcate a research culture to help India transform from a developing to a developed country.

The Institute strives to produce young people who will become builders of future India. A generation with high skills, knowledge, expertise and wisdom for better productivity and economic upliftment of the society & the country.

Mission - To foster an understanding and appreciation of the intellectual and cultural heritage of humans.

To cultivate in its students values of love and compassion, so as to create a world of happiness and contentment for others and themselves.

Chairman's Message

In this era of globalisation, the utmost urge is pace. Absolute knowledge of management and corporate wisdom is indeed the most effective phenomenon for development, which requires actual realisation & capitalisation of knowledge for taking decisions at the right time. We, at Acropolis, are developing such professionals who will serve the society and work towards its development and towards environmental support, with an attitude of creating surplus in the field. I take this opportunity to emphasise that Acropolis will surely contribute in the development of such professionals who will carry the flag of the nation at the world's highest Acro.

Er. Ashish Sojatia
Group Chairman

Acropolians

Shubham Gupta, B.E. (CIVIL), 2020 Batch
Thermax, 4 LPA

The four years of engineering taught me various lessons of life.

I want to thank my professors of Civil Engineering Department. They changed my life, they explained me what really the civil engineering is. Today I am placed in a company only because of their blessings. Thanks to all my professors.

Chandresh Phirke, B.E. (CSE), 2020 Batch
Nova Digitech Solutions, 13.32 LPA

For some students, college is just a college. You attend classes, graduate, but I can say that I would be not where I am today without my college and for that, I owe a huge thank you to all my teachers and the management.

Kajal Tiwari, MBA, 2020 Batch
Glaxo Smith Kline, 6.5 LPA

College gave me the chance to develop myself in every aspect of life, my professors provided the guidance for the career and helped me to achieve my goals.

Renuka Kale, B.E. (EC), 2020 Batch
Jaro Education, 5.6 LPA

Acropolis has been the best part of my life and career. The things I have learnt, are helping me in my current period of working. Special thanks will be always to the Career Development Cell (CDC), because the things which they taught me, are helping me in my career outside college that is a corporate world by E-Cell Initiatives.

Tanmay Bhagwat, B.E. (EC), 2020 Batch
Cognizant, 4 LPA

College is exactly the place you are excited for when you are in school. FUN, FUN and FUN. I express my gratitude and huge shout out to the Acropolis Institute for letting me realize the whole new meaning of the world waiting outside. I really thank for getting me placed and giving sessions for the preparation at the same time. Thank you so much.

Talent Speaks

Siddharth Gupta, B.E. (IT), 2020 Batch
Zycus, 6.5 LPA

Acropolis played a major role in improving my personality and bringing out the best in me, through various sessions, activities and CDC sessions organized by the college. I was able to hone my skills, I became a more confident version of myself. I will forever be grateful of Acropolis for giving me such opportunities and helping me all through the way.

Chaitanya Vaishampayan, B.E. (IT), 2020 Batch
Persistent, 6.41 LPA

My four years at AITR were great and a memory to cherish for lifetime. It was full of learning and grooming oneself. It gave me an opportunity to meet different kind of people and the exposure to gain more knowledge. I am thankful to all the faculties, mentors who taught us and made sure that we learn more. Overall, it was a great experience and lifetime memory at AITR.

Krishna Vallabh Patidar, B.E. (MECH), 2020 Batch
Thermax, 4 LPA

I am thankful to my college because it made me a real engineer and also my college is the one which is continuously doing efforts of bringing companies for students placement even in this pandemic situation.

Shubham Jain, B.E.(MECH), 2020 Batch
Cognizant, 4 LPA

Firstly, Here I will thank to our department's faculty members who are always available to discuss any kind of issue regarding academics. Secondly, I will thank to CDC faculty members who had guided us during a placement training.

Shubham Soni,
MBA, 2020 Batch
Bajaj Finance, 3.5 LPA

Acropolis inspired me to think differently. Life was an unforgettable experience here.

Damini Rathore, B.Sc(CS), 2020 Batch
WIPRO, 2 LPA

I am grateful to Acropolis, both Faculties and Training & Placement Department. The CDC mentors here are great contributors in developing my Interpersonal skills and worked hard on our overall development. I will always be thankful to them for encouraging and helping me to get placed in such a reputed company like WIPRO.

Vanshika Soni, B.Sc (CS), 2020 Batch
WIPRO and Capgemini, 2 LPA

I am really thankful to my College, along with the academic faculties and the Career Development Cell for giving ample of opportunities to help me get through best of the Companies. Pursuing my education from this college led my placement in top MNC's like Wipro and Capgemini.

Abhishek Jain, MBA, 2020 Batch
Hindustan Unilever Ltd., 6.5 LPA

It gives me great pleasure to say with pride that I have completed my post graduation MBA marketing & finance from AFMR. The relationship between faculties and student is very cordial which gave me an opportunity to excel in my area of interest.

Saloni Rajput, MBA, 2020 Batch
XL Dynamics, 4.5 LPA

College gave me the chance to learn and develop my knowledge. My professors provided me the guidance which is very helpful for me for achieving my goals & having a great future ahead.

Chiranjivee Bisen, MBA, 2020 Batch
BYJUS - Think and Learn Private Ltd.
10 LPA

College inspired me to think differently. It's like no other time in your life. In Acropolis I have a lot of memories, College isn't the place to go for ideas, it is a place of memories and knowledge.

Purna Dikshit, AIPER
MacLeod, 2.4 LPA

Enlightening Wisdom - This motto of my alma matter well defines it. AIPER was a complete amalgamation of learning, exposure and education. The ideal learning environment and immensely talented faculty helped me in shaping my academic career. The promising support from faculties and CDC helped me achieving my dreams. I am very thankful for their guidance.

Kratika Rathore, AIPER
MacLeod, 2.4 LPA

It gives me great pleasure that I have completed my graduation from Acropolis (AIPER). I needed a platform where I could explore myself further in my chosen field of study where I learnt to develop myself professionally as well as personally. I want to express my sincere thanks to the dedicated faculty who are always updated with the latest skills and knowledge.

Palash Gupta, MCA, 2020 Batch
In Time Tec Visionsoft Pvt. Ltd., 4.5 LPA

Acropolis college helped me a lot in various ways like how to compete in this world, taking initiative in cultural events and many more.

Manjeet Haryani, MCA, 2020 Batch
NIIT Technology, 3.5 LPA

The college gave me the environment, infrastructure and knowledge required for the industry. I would like to thank each and every mentor who helped me in achieving the success.

Gourav Sharma, B.E(CSE), 2020 Batch
Nova Digitech Solutions, 13.32 LPA

I want to thank my college for being the place where I have discovered the myself. I got to spread my wings and become the best version of myself.

TSDC (Technical Skill Development Cell)

TSDC aims at grooming of students professionally as desired by industry to map themselves as per the current market needs. These certifications offered by TSDC, give the students an upper-hand in placements.

Career Development Cell

CDC Acropolis operates and functions as a central body for Placement, Entrepreneurship and Career development function with a team of dynamic experts as heads under the visionary guidance of **Group Director CDC Prof Atul Bharat**.

Career Development can be defined as the assemblage of **psychological, sociological, educational, physical, and economic factors** that combine to influence the nature and significance of work in the total lifespan of an individual. In simpler terms, it is an individual's progression through life. Taking the right decisions at the right time contributes a great deal in creating an envious career.

The main functions of CDC at Acropolis is as below -

- Overall Skill Development
- Language Proficiency Development
- Entrepreneurship Development Programs
- Industry Interface
- Foreign Language Course
- Public Sector Competitive Exams Training

CDC Objectives

- Developing the students to be Industry-ready with strong Industry Interface and Training modules.
- To inspire and motivate students to enhance technical and soft skills in terms of career planning.
- To motivate students to aspire for higher studies and guiding them to take competitive exams.
- Campus placements of the students through campus & off-campus interviews.
- To nurture and develop entrepreneurship ecosystem to promote startups and innovation.

Our career development program comprises two main drivers as:

Personal Development

- Self-Awareness and Career Direction – Providing an increased awareness of personal preference, values, aspirations, and career choices.
- Networking & Culturalisation – Developing interpersonal sensitivity, confidence and ability to lead, motivate and work with different cross-discipline streams.
- Academic Asset Acquisition – Acquiring necessary academic prowess for certain career tracks specialization with the help of Technical skill development cell.

Professional Development

- Professional Charting & Enhancement.
- Sector Leverage & Interconnectivity engaging alumni and business leaders to enhance student standing in the sector eco-system.
- Continual Knowledge & Competency Acquisition – Developing for Leadership Success.
- Increasing Professional Value & Career Mapping – Actively engage with students' career to map and build their ROI value to organizations at key points in their career.

The main emphasis of the Career Development Cell is to define and implement processes for career development, career awareness, career exploration, career preparation, and industry exposure. Our purpose is to expose the students to options that best fit their individual career needs.

Soft Skill Development Cell

SSDC incubates the students right from the first year to make them career-ready and employable with rigorous life skill sessions, assessments and activities which further develop them as the better industry-ready professionals.

Campus Placement Cell

The Placement Cell plays a crucial role in locating job opportunities for Under Graduates and Post Graduates passing out from the college by reputed firms and industrial establishments. The Placement Cell operates under the leadership of Mr. Rajesh Tyagi, Head Campus Placements, with a young and dynamic team of campus and corporate relations team round the year to facilitate contacts between companies and graduates. We have been successful in maintaining our high placement statistics over the years and the fact that our students bear the recession blues with record-breaking selections. Our ingenious alumnae have set new standards in the corporate world through their estimable contributions and it is our firm conviction that we will continue that legacy in the years to come.

Training & Development Cell

A strong dynamic, seasoned trainer and experts team train the students attain placement and successful desired career ahead through a variety of programs as:

- Aptitude Training Programs are organized to train the students in the areas of Aptitude, Quantitative Reasoning, Logical Reasoning and Verbal through in house-seasoned expert training professionals
- Technical training programs are being conducted by Technical experts
- Language learning programs to train students in developing their communication skills and foreign language skills such as Japanese, Spanish, German, French.
- Soft skill training and assessment through Mock Interviews for students to perform well in professional interviews as per the expectations of the corporate world
- Public Sector Exams/ GRE/GMAT/ Banking Exams Training

Industry Institute Partnership Cell

IIPC thrust area is Industry Interaction an initiative of Technocracy and a platform to promote and coordinate research and development by students through student-industry interaction. The initiative functions under the guidance of Group Director CDC with the IIPC team. IIPC cell also conducts Industry-Campus partnership programs, to bridge the gap between academics and the Industry.

Entrepreneurship Development Cell

- To promote streak of entrepreneurship among students in campus and alumni.
- To promote and foster innovation and Problem-solving skills in students.
- To help the future entrepreneurs in enhancing their knowledge and skills.

EDC was established in 2008 and have association with reputed, established entrepreneurial networks and bodies to foster entrepreneurship, innovation, and venture creation on campus. A student-driven and faculty-guided body with a team of dedicated entrepreneurial mindset professionals and faculties.

Instagram

Twitter

YouTube

LinkedIn

E-Cell Objectives

In accordance with the above, Cell has the following goals:

- To disseminate knowledge and insights in entrepreneurial theory and practice by workshops.
- To seek tie-ups with Non-profit organizations connecting to a global network of entrepreneurs.
- To create a strong network of successful entrepreneurs as mentors for student startups.
- Innovation/incubation and Starting student Campus Companies.
- Ecosystem for early-stage entrepreneurs "STARTUPS".

It works in close collaboration with DST (Department of Science and Technology, GOI), MIC AICTE MHRD, EDI, CII, NEN, etc.

EDC Verticals

There are various verticals function under ED-Cell as a central body for development and enhancement of skillset required for being entrepreneurial in the career path ahead.

Litmus

It has been suggested that music and language had a shared evolutionary precursor before becoming mainly responsible for the communication of emotive and referential meaning, respectively. Litmus is a platform for the students to experience the boundaries between literature and music. Treasure Trove, an In-house library where reading is like being kicked in the stomach, makes an incredibly powerful impact.

Yuvacro

The objective of Yuvacro is to create a platform for young students to realize the dream of a developed nation. Yuvacro works broadly in the following social areas:

- Education and Skill
- Environment
- Employability
- Healthcare

IPR Cell - IPPC

Acropolis under the aegis of Confederation of Indian Industry (CII) in association with NEN National Entrepreneurship Network has set up the Intellectual Property Protection Centre (IPPC) at Indore, with state of the art IPR search and filing assistance by the attorney and to promote & facilitate IP activities across the region in the state.

IEN

The first-ever Indore Entrepreneur Network is a startup chapter of the early-stage entrepreneurs and startups from Indore to support the startup ecosystem in the city. Since its inception in the year 2013, it has grown from 8 members to a community of 400+ startups.

Digicro

Integrating communities for current and aspiring digital professionals. Provide learning for digital platforms and tools for Search Engine Optimization (SEO) · Lead Generation · Marketing Consulting · Social Media Marketing · Digital Marketing · Search Engine Marketing (SEM) · Content Strategy, Design, Digital tools by means of workshops sessions and do it yourself DIY mode.

Family Business Cell

FMB cell promotes the continuity of successful family businesses and provides the knowledge necessary to support those families whose continuity of family in business is a strategic objective. The best practices examined to provide a road map to enable the next generation to adopt a family business with a new dimension.

Acrobizz

Its an Incubation Cell which coordinates & leverages the synergies in various strands of excellence driving innovation and entrepreneurship at Acropolis, Acrobizz has a vision for creating successful deep Tech Startups, disrupting industries & translating benefits to society at large.

CLix

The Photography club organizes activities to enable the members to get a chance to learn photography, utilize their camera to the fullest, and become sensitized to the world around us. Photography is all about the study of light, composition, and a good understanding of the angle dimensions and equipment.

A story of many

Acropolis Institute of Technology and Research Computer Science Engineering

- Accredited by NBA in 2012 and Re-Accredited in 2018
- First accredited as certified AWS academy
- First Palo Alto Academy for cybersecurity in central India.
- One and only AWS academy of Central India with 500+ students under training and 100+ certified students.
- In-house training by experienced trainers from industries on latest and cutting-edge technologies like AWS, Android, Big Data, Data Analytics, Salesforce, RPA, Machine Learning, Deep Learning, Alexa and Angular JS/Node JS, Python
- Sponsored Faculty Development Programs (MHRD, AICTE and RGPV)
- Student Chapters and Memberships of Professional bodies like ACM, CSI, IEEE, ISTE, IETE, IMA, ISHRAE, SAE.
- Nodal Center of NPTEL(IIT Bombay zone), NITTTR Chandigarh, Virtual Labs(IITs and NITs), Spoken Tutorial(IIT Bombay) for providing self-learning facilities
- Participation and performance of students in global level coding contest like TCS Enginix, SnackDown2017, TCS CodeVita, Monthly competitions on CodeChef, The Algorithmic, Hackathon, Workshop 2.0, Acro Coding Fest, Codologist, NextGEN CLOUD by Persistent System Limited, Smart India Hackathon, ACM-ICPC, International Collegiate Programming Contest (Asia)-1 and many more
- AWS certified: 4 Faculty Members
- UGC- NET qualified by Prof. Anil Patidar
- More 1200 certifications done in Technologies like Alexa, Machine Learning, Blockchain
- 26 Research Papers were published, in which 6 papers are in Scopus/SCI indexed Journals
- Patent is filed by faculty member Prof. Deepika Jain

Projects Using Latest Technologies

The various technologies learnt by students are implemented by them in their minor and major projects.

- **Machine Learning + Artificial Intelligence:** 42 projects
- **Deep Learning:** 6 Projects
- **NLP:** 2 Projects
- **Alexa:** 4 Projects
- **IoT:** 23 Projects
- **Web Applications:** 55 Projects
- **Android:** 33 Projects

glories!

Mechanical Engineering

Mechanical Engineering is all about passion and energy, and our students show it on the ground of racing events, where they design and manufacture their own vehicle and perform On-road and Off-road racing. Following are the racing events in which our students have shown their strength:

- Pride of Indore in SAE E-Baja 2019-20
- Overall runner up in SAE E-Baja 2019-20
- Winner of Maneuverability Test in SAE E-Baja 2019-20
- Winner of ATVC-2020
- Winner of Acceleration Test in SAE E-Baja 2019-20
- Winner of Blind Target Test in NEKC 2019
- Winner of Best Design in NEKC 2019

MOU with Anand Group

The Department of Mechanical Engineering has signed an MoU with Anand Group to impart VLC-I training to the Faculty Members and Students.

Information Technology

- The Department has signed an MoU with Ui-Path (RPA Tools) for Robotic Processes Automation and with LeadingIndia.AI for Machine Learning training to students and faculty members.
 - The department has established different student chapters and membership of Professional bodies like CSI, ACM, IEEE, IE and ISTE, Google DSC, Hacker rank, Facebook Developer Club. Our students are the student ambassador for top-notch companies like Google, Salesforce, UiPath, Facebook, etc.
 - We are recognized nationally for receiving four national awards by CSI, **best-accredited Student Branch, Highest Committed Student Branch Activist, Longest Continuous SBC and Paper Presenter at International Conference.** We have also been Ranked 114 in 2500+ active NPTEL local chapters nationwide. Our **Google Developer Student Club(DSC)** Recognized by Google as one of the most active Clubs in India.
-

Civil Engineering

- **Shubham Malviya, won first prize in International UDICON**
 - Shubham Gupta & Siddhartha Saraf secured II position in the "Beat the Wind Event" (Structure Stability Modelling) in TechFest at IIT BHU.
 - Shubham Gupta & Shubham Malviya secured II position in the "I Create Event" (Design and Planning with AutoCAD) in TechFest at IIT BHU.
 - Ashutosh Deshmukh, Som Pratap Mishra, Harsh Parolkar & Anurag secured final-11 in "BRIDGE IT" competition at IIT Bombay
 - Ayush Pagare scored 98.66 percentile in CAT exams 2019 & among top 5 students in Indore.
 - Sahil Jatele is among top scorer CAT exams 2016 & also a record holder in IIT Roorkee.
 - Jignesh Wadnere, Harshita Mathur & many other scores a good percentile score above 9+ pointers in RGPV Examinations throughout.
 - Sakshi Thora, Nilesh Pathak qualified in GATE-2020 Exam in the first attempt.
-

MOUs

- Civil Engineering Department, Acropolis is having collaboration with Adroit Associates for providing technical training and recruitment to our students.
 - An International Collaboration (MoU) with School of Planning, Design and Construction, Michigan State University, USA had been initiated in order to conclude an MOU in the specialized area of "Civil Engineering - Construction Management" in 2016.
 - Department of Civil Engineering, Acropolis is having collaboration with Wonder Cement for providing practical oriented Internship training and recruitment to our students.
-

Faculty of Computer Application

- Jayesh Jodhwat received a job offer from PAX AI, a global AI Company based at Abu Dhabi. Highest ever by an MCA student 25 lacs per annum.
- Prithviraj Singh Solanki of IIMCA IX sem Student is the 1st AWS Educate student Ambassador of Acropolis.
- Manish Patel of IIMCA IX is the Internshala student partner.
- Mr. Vibhnashu Mishra is the student partner of All India Council for Robotics and Automation.
- Sanidhya Soni BCA IV sem along with mechanical students won accolades in Robotics championships. The team was also involved in developing a prototype for Automated Sanitizer Robot for the Indore Airport.
- MCA department is also coordinating the Salesforce technology training for CS IT and MCA students.

Acropolis Institute of Pharmaceutical Education and Research

- Honoured with Top Bracket Platinum Category in AICTE – CII Survey of Industry Linked Technical Institutes –2019
 - Received a grant of **Rs. 85,79,000/-** from **Ministry of Food Processing Industries (MoFPI)**, Government of India for the establishment of Food testing laboratory.
 - 2 teams moved to Round 1 of MHRD Mega Online Challenge SAMADHAN from 2500 team participated from all over India
 - Keshav Sharma, B. Pharm. VI Sem idea of TOUCHLESS HAND SANITIZING MACHINE has been selected to receive **\$200 of AWS Credits** in The COVID 19 Detect and Protect challenge by THE UNITED NATIONS DEVELOPMENT PROGRAMME CENTRE FOR TECHNOLOGY, INNOVATION AND SUSTAINABLE DEVELOPMENT
 - Only institute from which 18 faculties felicitated by SRIJAN 2020 for Outstanding results in RGPV Exams
-

Acropolis Faculty of Management and Research

- Organized Ninth International Conference 2019 on "Innovative Business Practices for Creating Value in Global Era."
 - Organized a Faculty development program on Data Analytics.
 - Designed and delivered a three-month course on Data science – 30 Students were enrolled for the same.
 - Sanmati Jain(student) – Secured the third position in 6-A side Football National Championship.
 - 120 students completed Google Digital lockers and Google Analytics certification.
 - 122 students completed Six sigma yellow belt certification
 - 10 students represented M.P folk dance (Badheri and Badhai) – National youth summit Delhi and were felicitated by Mr. Rajnath Singh (Defense minister)
 - 20 Students attended RED Brick Summit (2019) at IIM Ahmedabad
 - 57 Students got GST Certification
-

Certification Program on Digital Marketing

A 'Certification Program on Digital Marketing'. The seminar was attended by MBA faculty members and students of 1 st and 2 nd year. The programme was organized in collaboration with SOIL (School of internet learning). Quantity Survey Intern

Cuming Corporation, San Diego

Acropolis has played a significant role in shaping my career as a civil engineering professional and grooming my overall personality.

I am glad that I pursued my BE in Civil Engineering from Acropolis, and under such insightful professionals. Acropolis helps students to understand their own needs better and helps them build on their imagination and goals.

Varun Kulkarni

B.E. (IT), AITR, Microsoft

This college is a really very modern college that gives the students complete freedom to achieve their Goal with excellent facilities to learn and grow, after successful completion of 4 years. I entered in IT world and to be honest initial 1-2 year were very difficult for me, and I had to struggle a lot, that I cannot express in words. But later everything went smooth, and my effort and struggle finally paid off, and I achieved my goal, but there are more Goals that I need to achieve in future. I really thank Acropolis to give me such a wonderful platform.

Rohit Sahni

B.E. (IT), AITR,

Consultant at Accenture

Consulting, Gurgaon, India

I was associated with Acropolis during its formative years, and have seen it grow leaps and bounds. Within years of inception, it was among the top 10 engineering colleges in MP. Soon after, it got accreditation from companies such as TCS. And now, Acropolis has been setting examples for other colleges in Indore and MP through its achievements.

This is only possible if the leadership has a clear vision in mind and a conviction to achieve it. Way to go...!

Poorvi Gupta

B.E. (CS), AITR

Capgemini

It gives me great pleasure to say with pride that I have completed my graduation from Acropolis Institute of Technology and Research. The relationship between faculties and student is very cordial, which gave me an opportunity to excel in my area of interest. Four years, I spent here were splendid and has helped me grow better professionally and personally. I would like to thank all the faculties and staff for making me a "Better Person."

Sunil Goyal

AIPER, Dr. Reddy's

Acropolis is a place where you can find an amalgamation of learning. I feel great studying as it gives excellent opportunity as well as support from faculties and placement officers. With superior guidance of this college, I got placed in Dr. Reddy's.

Testimonials

RJ Anjali
B.Com, AIMSR
94.3 MY FM

Life at Acropolis was a memorable experience. The campus was very lively and happening. Hard to believe that 3 years have gone by.

Ishan Tyagi
B.E. (EC), AITR, Microsoft
Ford Motor Company,
Dearborn MI, USA

The day I stepped into the college, I knew something good going to happen when I graduate from here, 4 year were fun and most important got to learn a lot from the faculties here. Studying was fun here, not boring at all. Activities apart from the studies kept me more motivated, In 2nd year I made my mind that after graduating from here I want to do my masters from the US and the college helped me a lot with all the stuff I needed. Today what I am the base came from this college and can never forget my best days in this college.

Vivek Agrawal
B.E. (CS), AITR,
Intel, Bangalore

Excellence is a word that can aptly describe the Institute, Acropolis Institute. I consider myself to be fortunate to have graduated from such a great Institution. Acropolis Institute is a place which ensures not only academic brilliance but also provides practical exposure to the contemporary world and professional excellence to the students. I say this because I have experienced the same in a short span of my professional career. Thank you, Acropolis, proud to be an Acropolian.

Aman Beriwal
AFMR
Exclusive Insurance
Broking Services

Thank you for making me serious about my life. College gave me a platform to explore myself in front of big delegates through Tata First Dot competition. I got some of the new friends for lifetime as well as teachers.

Rakesh Tiwari

Its my alma-mater and I am proud to be an Acropolian

Indraneel Bannerji
AIMSR, L&T, Sharjah

Acropolis had a good interface with industries. Internships were organized, which gave us a feel of the corporate environment.

Nikhil Menon
Board of Control for
Cricket in India,
Umpire
Batch 2008-10

Acropolis is the appropriate institution to learn and explore one's potential, as students are encouraged to infuse practical knowledge into their management skills.

Jackson Joy
Life Pharma
FZE (Dubai)

Entering AIPER was one of the best things to happen in my life, both on the personal and professional front. My dream came true when I started to get guided by most talented faculties there that gave me confidence and changed my attitude towards studies. It is because of the learning from AIPER, and I am working as Project Manager for Life Pharma FZE in Dubai.

Samreen Khatri
IRI Incorporation

Acropolis has given me a chance to sharpen my skills in my field of choice. It has provided me with every tool to enhance my skills. The academics in AIPER helped me to get the Vice-Chancellor scholarship. It's an excellent college with a wonderful academic environment. Proud to be an Acropolian!

Tushar Pal
Protonshub

Acropolis taught me a lot more than just equations. I learned the importance of respect, inclusivity, fairness and other value keys to the success of a leader. Being a member of the E-Cell definitely helped me eventually learn the basics of entrepreneurship that'd later go on to be the bedrock of my values when founding Protonshub.

Ankur Bhargava
Oracle
Senior Account Manager
Batch 2008-10

It's foundation for us, what we are right now is just because of faculty members and Acropolis. I have enhanced all of my managing skills being into Acropolis. And I thank all of my faculties today!

Kartika Devi
WIPRO
BCA - 2018

My journey at AITR has been a great experience. AIMSIR has given me a platform to enhance my personality. The faculties have been a source of motivation to me. I am blessed to have been placed at WIPRO Limited and I am really grateful to the CDC & the faculty who have given me the opportunity to make my dream come true.

Garvita Trivedi
WIPRO
BCA - 2018

I will always be thankful to Acropolis for giving me such a platform to achieve a great life ahead in such a reputed company like Wipro. I am thankful to the placement cell faculties to encourage me and also for providing the right training to us.

Sumit Mishra
Cognizant
BCA - 2015

I am grateful to Acropolis - both the faculty and the Training & Placement Department. Acropolis provides a great platform for skills enhancement and to get a great learning experience.

Divya Gupte
TCS
B.Com(Tax) 2017

One of the most interesting stages in life that gives you an opportunity to explore is the 'college phase.' My experience at Acropolis Indore has taught me one fundamental thing - life is a challenge, accept it! Explore it! & conquer it! Always move ahead despite of challenges, because that makes you more strong.

Mayur Bhandari
Walmart Labs
Bentonville, Arkansas, USA
BE (EC) - 2012

Acropolis is a place of learning, fun, culture, lore, literature and many such life preaching activities. Studying at the Acropolis brought an added value to my life. It was great in terms of learning networking skills.

Ankit Agrawal
Amdocs
BCA - 2012

Acropolis has always believed in helping and guiding its students, and it was no different during the placement season. It was altogether a great experience.

Parent's

Rekha Gupta, Mother

Good place for studies and the future of student are secured here.

Shubham Gupta, AITR

Anuraj Rathore

It gives me great pleasure that my daughter has completed her graduation from Acropolis (AIPER). We want to express our sincere thanks to the faculties who always supported every student.

Kratika Rathore, AIPER

Shyam Dikshit, Father

Acropolis is a very good college with placements in good companies. Students have a bright future here. Thank You Acropolis

Puran Dikshit, AIPER

Mr. P. N. Dubey, Father

The transformation through learning and skills inculcated in our ward, and the trajectory of her growth is exceptional, and the credits to that can be given to this organisation. It's a wholesome experience to see our kid developing over the course of four years.

Praveena Dubey, AITR

Rajendra Bhagwat, Father

We thank Acropolis Institute for placement to our son. This was all possible due to the regularity and discipline of the institute. Unlike other institutions, facilities provided are much appreciable. Also, the teachers who invested so much in students to achieve their goals.

Thank you so much

Tanmay Bhagwat, AITR

Anand Haryani, Father

Great institution with best facilities and trainers.

Manjeet Haryani, AITR

Nilkanth
Vaishampayan
Father

AITR is the best institution in the city to get your child admitted to. They get to learn a lot with ensured proficiency under the supervision of expert faculties.

Chaitanya
Vaishampayan
AITR

Ramesh Singh Bhati, Father

I chose AITR for my son with high expectations of getting the best possible education as well as exposure to extra-curricular activities. I am not disappointed at all. AITR has delivered more than my expectations. The staff is very caring, professional and responsible. Thanks to the management.

Udit Bhati, AITR

Testimonial

Yashwant Patidar, Father

We thank Acropolis which made our child grow both personally and professionally

Rohit Patidar, AITR

Pravin Jain, Father

Acropolis is one of the best colleges in Indore

Shubham Jain, AITR

Dayaram Rajput, Father

In Acropolis, my daughter has a great learning. She has got new skills and knowledge which will definitely help her to have a bright future ahead. She also got placed in XI Dynamics... We as a parents, are very well satisfied with her career... Thank you, Acropolis

Saloni Rajput, AFMR

Giriraj Patidar
Father

We are glad that we admitted our ward in this college which put so much effort into furnishing my son's future.

Krishna Vallabh
Patidar, AITR

Prafull Phirke, Father

We are thankful to the college for providing our son with a safe and learning environment that will help a lot in building a good career.

Chandresh Phirke, AITR

Rajkumar Gupta, Father

We are happy and satisfied with the college support, which they provide to the students.

Palash Gupta, AITR

Jugal Rathore, Father

I am very grateful to excellent college staff and training & placement cell for effectively and sincerely helping my daughter to grab first ever opportunity of her career. Thanks to all of them for supporting her and because of their efforts she has successfully placed in such a great company like WIPRO.

Damini Rathore, AIMSR

Sunita Soni, Mother

I am very grateful to this wonderful team of teachers and all college staff members for their professional work and a lot of help they have offered to my daughter. Thanks to all of them, and because of their guidance, she has successfully placed in such great companies.

Vanshika Soni, AIMSR

Sanjay Gosavi, Father

I want to thank you Personally and Professionally to the entire team of MBA and CDC department. Thank you for encouraging Prathamesh, supporting him, and for inspiring him to learn and achieve goals. ACROPOLIS gives many opportunities to their students to enhance their skills, knowledge and determination.

Prathmesh Gosavi, 2020 Batch

Bhikulal Agrawal, Father

I am pleased with my daughter's progress and the guidance given by the teachers and management. A big thank you to all at Acropolis College for believing in her and helping her to achieve the grades she has. I will certainly recommend this college to others.

Preksha Agrawal, 2020 Batch

Dinesh Bisen, Father

We found that your schedule was extremely helpful. Our son never got behind or felt overwhelmed. Your expertise and advice helped him choose what company to apply to.

Chiranjivee Bisen, 2020 Batch

Kishore Tiwari, Father

Our daughter was always bright, but Acropolis gave her the chance and guidance to rise and shine and bring the best out of her.

Kajal Tiwari, 2020 Batch

Sanjay Khale, Father

There are some things only parents can teach to their children, and for other equally important lessons, we send our child to the institute which would later become their second home, and find another family there. We are glad that our son, Himanshu Khale chose Acropolis as his second home. For us, it is a moment of pride that our son is the first engineer of the Khale family. And we are glad that he has done his engineering from Acropolis Institute of Technology and Research. Today when we see that our son had embodied some qualities which we never had when we were 22, we realize that our decision of choosing Acropolis was not wrong at all. For that, we thank CDC and ECE dept. With best wishes, keep up the good job.

Himanshu Khale, EC Dept.

Panjabrao Magarde, Father

As a parents we feel blessed for taking a decision to let our son to study from AITR. These years were a bliss and we were thrilled to see our son into a confident,skilled professionals who had a good command over his subjects and was well prepared to face the challenging world outside the college.

Shubham Magarde,
Diploma Mechanical

Corporate Testimonials

Anup Sharma,
Manager HR, Einfochips

Acropolis possesses really great infrastructure, state of the art computer and science lab and well-qualified faculties. In my interaction with Acropolis, I found students very energetic and motivated, Einfochips did hire from Indore campus in double-digit numbers. In summary, Acropolis situated in vast open nature lap provide a serene learning possibility to every E-spiring learner.

Anupam Jauhari, Infinity Labs

Acropolis Institute of Technology & Research, Indore is an Engineering College that supports the dreams and goals of aspiring engineers. The college encourages students to participate in creative exploration of knowledge involving hand-on activities. The management and faculty make best efforts to keep pace with fast-emerging technologies in order to prepare the students for the corporates. I have been personally involved with the college since last 12 years, in recruitment candidates during their campus programs and other corporate-related activities. Would like to place on records that the students we have selected by us from Acropolis have been a shade ahead of others. Wishing the management and faculty all the very best. "KEEP WALKING"

Craig Fransis,
Wipro Technologies

Campus lead West
The acropolis group of Institutions have been a constant support and valued partner for WIPRO Technologies. The eagerness to facilitate the campus hiring events, no matter the challenges and hurdles, is commendable. I have always had a great experience collaborating with the Placement team of Acropolis. I wish them the very best for the future.

Sanket Vaidya,
People & Organisation Development, Persistent systems.

Acropolis Institute of Technology & Research has a great infrastructure. We have been visiting to the college to hire fresh talents from last many years because of the tremendous efficiency and potential of students. Their faculties gave in-depth knowledge. We found students very energetic and motivated". Best wishes for their future

Eknath Bangar
DGM-Reliance Jio Infocomm Mumbai.

We've been recruiting from Acropolis since past 4 years and have found the students Tech Savvy, eager to learn new technologies and dedicated towards achieving organisational goals.

Best wishes to the team!

Speakers Testimonials

Mr. Anil Chhikara

Founder CEO, Blue Bolt Startup Factory
Chairman, Startup India Foundation, Bangalore

What makes any student startup incubation or acceleration program special is not the buildings or technology access or infrastructure.

It's creating in them a sense of curiosity and exploration!

I have been to major IITs and top engineering colleges in India and abroad to address student entrepreneurs, but the genuine enthusiasm and desire to learn I felt at Acropolis(Srijan E-Cell) was amazing! Great environment for curious minds!!

Ms. Anu Meena- IIT D

Founder, Agrowave, Gurgaon

At the end, your personality matters the most. It was such a fantastic

experience interacting with the curious, entrepreneurial students at Acropolis Entrepreneurship Summit.

Mr. Shriyans Bhandari

CEO-Greensole
Director-Heritage Girls School, Jaipur

It was wonderful being at Srijan E cell's flagship event, IENx.

2020 It was a beneficial confluence for each and everyone present there.

Wishing e- cell all the very best in their future endeavors. Would be happy to interact with the students of Acropolis in future as well.

Ms. Mahalaxmi Saravanan

Founder, Women Entrepreneurs India, Chennai

It was a great learning experience at the Entrepreneurship Summit hosted by Acropolis Institutions, Indore. Thank You Atul

Ji for the opportunity. The event was well organized, and speaker selection was great. I had the opportunity to share the stage with the top investors, and I felt so blessed. The students had a professional approach and were enterprising.

Mr. Jaishankar M. Talreja

Faculty-Global FMB
Program SP Jain Global
School of Management, Mumbai

The Family Business Summit-2019, where I conducted a Business Simulation workshop for family business students. It

was a great platform for students with a family business to develop gratitude for the platform their family business offers them to start their entrepreneurial journey by interacting with & learning from experts in the field. Acropolis Group deserves accolades for encouraging this initiative wholeheartedly."

Mr. Gautam Khetrpal

Founder, LifePlugin,
Paris, France

What an honour to speak at Acropolis College for Elead E-Summit. Had

the pleasure of meeting incredible university professors, extremely intelligent & passionate students and shared the stage with some world-class investors. Definitely coming back again, you guys are up to something epic!

Mr. Hunny Bhagchandani

Founder, Torchit,
Ahmedabad

It was a real pleasure visiting your institute sometime back when I came to deliver a lecture on Entrepreneurship in March'2020. I was

particularly impressed with the few things that I noticed during my visit are that students were eager to know my startup journey and talk about new ideas.

I observed the serene atmosphere in the college, combined with a true environment for learning, warm welcome by the organizers, made me very comfortable to deliver my lecture.

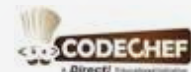

Ms. Sujaya Rao

Co-Founder, FutureEdu,
Chennai

It was a great experience to facilitate the Design Thinking Workshop at Acropolis and engage with such enthusiastic teams. I am also

delighted to see the initiative Acropolis have taken to spread the culture of innovation and entrepreneurship on campus. And yes...would love to be back there!
